

New Indian Land Equalization Plan Ordered

Opposed By Local Members

Members of the Agua Caliente Tribe sat in complete silence last night as Rex Lee of the Bureau of Indian Affairs, Department of Interior, announced a new equalization procedure for the local Indians, one which would take away all tribal lands and allot them to individual members of the tribe.

The proposal will bring to an end the future tribal control of more than 26,000 acres of land, including the municipal airport, the mineral baths, and the famed canyons.

ALL THE TRIBAL lands will be cut up into parcels which will be used to bring individual Indian holdings up to a value of \$350,000, and any Indian who now has this amount or more will not benefit from the change.

The action, which caught most tribal members by surprise, will affect only living allottees, some 90 members of the tribe, and will increase 21 allotments by \$200,000 or more.

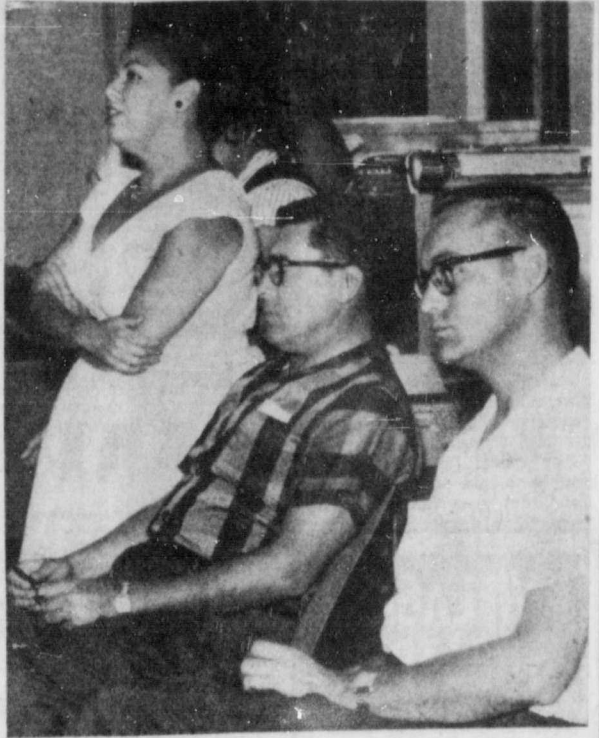

MRS. VYOLA Olinger, chairman of the all-woman Tribal Council, said the plan left her "in a state of utter shock."

"This plan will completely destroy the local tribe," said Mrs. Olinger. "I don't feel the Bureau of Indian Affairs knows what this will do to destroy a tribe and I don't believe that is what its policy has been."

SHE ASKED REX Lee if the proposal had been approved by the Secretary of Interior and Judge William C. Mathes of Los Angeles, who had handed down the equalization order during the Clem Segundo case. Lee replied that he did not know if the judge had been informed of the plan, but the order to use this plan was signed for the Department of Interior by Robert Ernst, assistant secretary of the Interior.

Mrs. Olinger said that the action "was the most unfair thing that has ever been proposed."

IN EQUALIZING the lands; it will be necessary to take all the lands belonging to the tribe and held by tribal control, and allot it to individual Indians. Exceptions to this proposal are the Indian cemetery and the church property. However, using all the land will only equalize to about

"THIS PLAN WILL completely destroy the local tribe," said Vyola Olinger, chairman of the Agua Caliente Tribal Council, and with the help of other tribal members she plans to "fight the plan as proposed by the Bureau." 50 per cent of the necessary amount to make it actually equal. The highest of recent individual valuations was listed by the bureau at \$629,000, and the lowest valuation is \$87,500.

All tribal lands, which are allotted under the equalization program, will be under the control of the individual Indian, but, according to Lee, present leases cannot be nullified and must be honored by the new owners. As an example, Lee pointed out that the Palm Springs Airport would be allotted and that all the land holders would have to abide by the lease the city has until 1960. The development of the spa on the Mineral Baths site will be able to continue under its present 50-year lease and will be honored by the new owners.

IT WILL BE mid-July before the valuations are set by the bureau, and then the Indians will draw lots to determine the number in which they will be able to draw for land.

Lee said that the Indians or Congress could stop the present plan of equalization, but if it is not stopped, the bureau will continue to put the plan into effect.

ACCORDING TO Ray Simpson, attorney for the Tribal Council, the court in the Segundo case said that the original court order called for equalizing all allotted lands values to the highest value of any single allotment, and the plan, as presented last night, proposes equalizing up to a "norm" of \$350,000.

Under the authority vested in the Bureau of Indian Affairs, the maximum number of acres that can be allotted to any Indian is 160 acres, and in some cases it will take every bit of this number to bring the valuation up to the \$350,000 top figure.

LEONARD HILL, area director for the bureau, announced at the same time that no further allotments would be made and no further land exchanges would be approved.

He said that the individual Indians would learn of the amount of their allotments in a letter by July 15.

Cruz Silva, long time active in Indian Affairs, summed up the matter of just what the local Indians thought of the proposal when he said, "This is a sound proposal if we were in Russia!"

Fire Destroys Snow Creek Park Homes

Believed Caused By Cigarette Tossed on Road

A brush fire, apparently started by a discarded cigarette, and whipped out of control by high winds, blazed along Highway 60-70-99 yesterday afternoon for more than three hours and burned out a trailer camp and blackened some 12 acres in the Snow Creek area.

The alarm for the fire was sounded at 2:55 p. m., and it brought California Division of Forestry crews from Beaumont, San Jacinto, Garnet, Cathedral City, and reserve volunteers from North Palm Springs and Palm Springs.

JACK SECOR, OWNER of a trailer park, service station and tavern, reported that he first smelled the fire and on investigation saw a tiny blaze starting near the edge of the highway a quarter of a mile east of his place. Before he could get to it to put it out, it was a blazing inferno. He rushed to the trailer court where he warned people of the fire and evacuated them.

One resident of the park, Chuck Mitchell, lost two house trailers and a small traveling trailer in the fire. A stockpile of used tires also was consumed in the blaze and sent huge clouds of black smoke into the desert air.

THE SERVICE STATION, tavern, and trailers near the road were saved by CDF crews who poured water on the blaze. The fire burned east along Highway 60-70-99 on the north side of the road, at the head of a good wind. Directly in its path was Trader Jim Stevenson's Snow Creek Cactus Gardens. As the fire blazed toward the house, Trader Jim poured water from a garden hose on his house, and waited for the inferno to take out his report. \$20,000 worth of desert plants.

BUT SOMETHING happened. The fire came to the edge of his property, stopped as if a solid invisible wall was holding it back, and almost before he knew what happened, the fire jumped over his property and continued on its way in the dry grass.

In one place, the fire jumped the road and firemen battled a blaze in the center of the highway between the roads.

49 Crewmen Rescued from Flaming New York Waters

NEW YORK (UPI)—A freighter and a gasoline tanker collided in the East River early today setting off a fiery explosion that engulfed the two ships and set the Manhattan Bridge afire.

A brilliant flash of igniting gasoline flared over the river seconds after the explosion. Almost immediately cries of help were heard on shore from flame-swept waters where crewmen who jumped overboard struggled against the incoming tide.

THE SWEDISH freighter Nebraska moving south rammed the small American gasoline tanker Empress Bay, officials said, just south of the Manhattan Bridge spanning the East River between Manhattan and Brooklyn. The Empress Bay sank about two hours later.

Forty-nine crewmen from the two ships were rescued and most of them hospitalized for treatment of various injuries. A total of 44 out of 45 aboard the freighter were accounted for and five of the seven crew members of the tanker were rescued. Three persons were missing.

THE SHIPS STRUCK so hard they were locked together. They floated north on the incoming tide sending a column of flame into the span of the bridge 135 feet overhead.

Electric cables on the bridge caught fire, halting both auto and subway train traffic. Police also closed the historic Brooklyn Bridge to the south as flames spread over the water.

THE COAST GUARD banned all traffic for several miles along the river as dangerous gasoline fumes hung over the water.

A flotilla of rescue and fire-fighting craft sped to the scene. One fireboat, the William J. Gaynor, was damaged by the still revolving propeller of the Nebraska as it took survivors off the burning ship.

The locked ships were pulled apart after the fire was put out. The Empress Bay sank quickly as water flooded through the gaping hole in her side. The freighter was taken in tow, still afloat.

A WITNESS to the collision and fire was Capt. Bert Deely, of the tug Dalzellera, who said he saw "one great big flash going up over the Manhattan Bridge."

"It seemed like the whole river was on fire," Deely said. "The flames kept going higher and higher and it seemed to me it went on for an hour."

His tug took four men off the burning Nebraska.

FROM HIS HOSPITAL bed, one of the tanker's crew, Haakon Anderson, 42, of Riverhead, N.Y., said he was in his bunk reading

when he heard seven blasts of the ship's whistle—the danger signal.

"I jumped out of my bunk and ran out on deck," Anderson said. "I saw that a collision was unavoidable. I leaped overboard and started swimming."

"From the water I heard the crash. Then it seemed both ships burst into flames."

ANDERSON SAID the ship's captain, Anton Hagstad, who was on the bridge saw him and threw him a life ring. The captain then jumped into the water also.

"We both kept ducking under the water, surfacing and calling for help. A tugboat picked up both me and the captain. I don't know where the captain is now or how badly he was burned."

A crewman aboard the Nebraska, who also was hospitalized, told of being trapped aboard the freighter by automatic fire doors which close for 30-minute intervals, opening briefly to allow escape attempts.

"I FELT PANIC," Stig Asen, 12, who was on his second voyage as steward, said "I could only think of getting on deck and of my father and brother back in Sweden."

"About a half hour later the door opened and I got on deck. I jumped overboard and was picked up by one of the fire boats."

Shouts Insults But Causes No Damage

Staged Today In Reprisal for New York Action

MOSCOW (UPI)—A placard-carrying, jeering crowd of 2,000 Russians shouted insults but caused no damage or violence in an anti-American demonstration in front of the U.S. Embassy today.

The demonstration, staged in reprisal for last Sunday's riot by Hungarian refugees at the Soviet United Nations Embassy in New York, appeared to be well ordered and well planned.

IT WAS THE THIRD crowd action against foreign embassies in Moscow in a week, but it was far less hectic than the other two. Moscow mobs rioted against the Danish and West Germany embassies previously, in both cases breaking windows and causing extensive damage.

In today's move against the 10-story U.S. Embassy building, the demonstrators threw no bricks, sticks or ink bottles as in the other incidents.

THE HARD CORE of the crowd, which milled around on the street in front of the embassy for more than two hours, seemed to be a group of about 300 youths. They made most of the noise, while the rest remained passively good-natured. Apparently many people just happened to be passing by and stopped to watch what was going on.

The initial Soviet police guard of three men eventually was increased to about 200. They kept the crowd off the sidewalk in front of the embassy but made no other move to clear the street.

EMBASSY OFFICIALS had anticipated the demonstration in the wake of Soviet press reports of the New York demonstrations in which the U.S. government and the New York police were scathingly denounced for their failure to head it off.

Similar press reports preceded the Danish and West German embassy attacks here. But the Moscow newspapers made no mention of the fact that seven New York policemen were injured and a number of the Hungarian rioters were arrested for their part in the anti-Soviet violence.

THE EMBASSY ordered women employees to leave the lower floors before the trouble started and had ordered the U. S. Marine Corps guard detachment to stand by with fire hoses should an attempt be made to burn the building.

Within 40 minutes of the start of the demonstration, the crowd had increased to its ultimate total of about 2,000.

The demonstrators carried placards and shouted insults in English and Russian. The placards said such things as "Down with the dirty provocateurs," "Long Live the Hungarian People's Republic" and "Shame on the warmongers."

Cambodia Charges Invasion By South Viet Nameless

PNOM PENH, Cambodia (UPI)—Outgoing Premier Sim Var charged today that South Viet Namese troops have "invaded" Cambodia's northeastern province of Stung Treng.

There was no immediate confirmation of the report from South Viet Nam.

UNOFFICIAL REPORTS in Paris said South Viet Namese troops crossed into Cambodia not as an invasion force but in search of 100 political refugees. The refugees were said to have broken out of a Viet Namese internment camp and to have sought refuge in Cambodia.

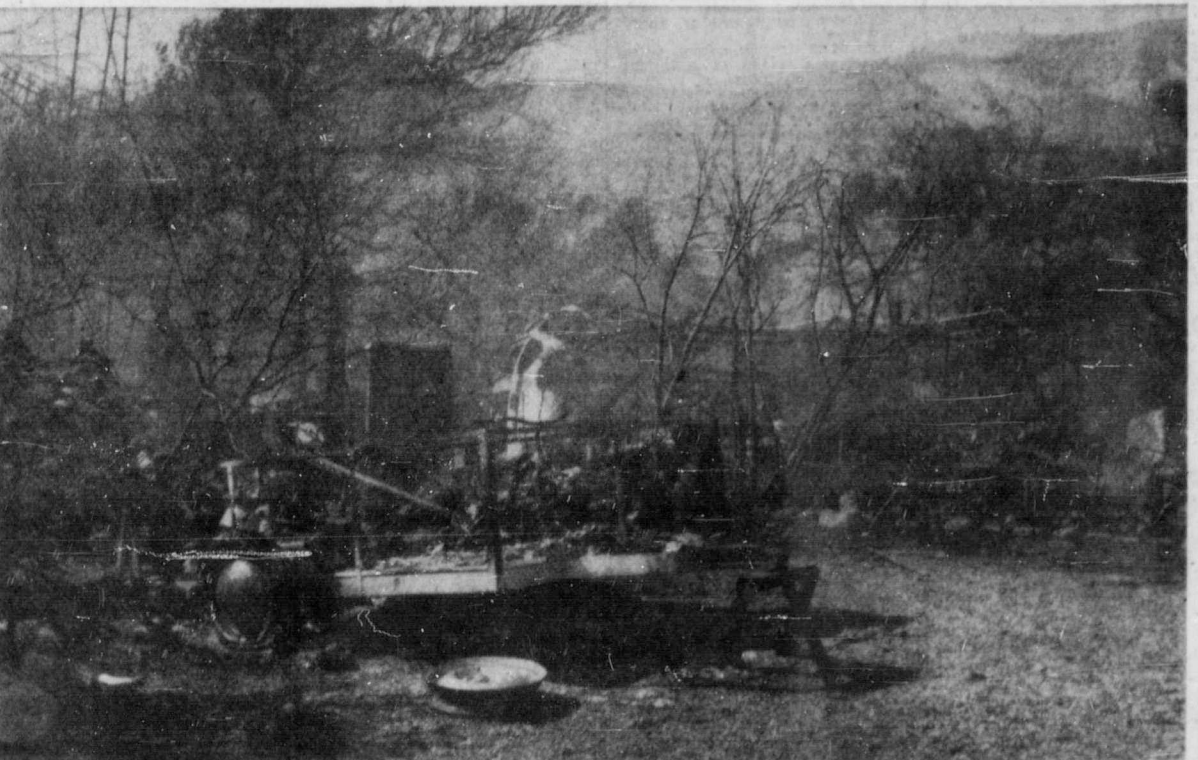

In a nationwide broadcast Sim Var urged his 4,500,000 countrymen to "realize the grave danger threatening the country" and rally behind the royal regime. Government officials claimed

Hypnotism Used First Time In 'Open Heart' Operation

By PATRICIA McCORMACK
United Press International
SAN FRANCISCO (UPI)—For the first time, hypnotism has been used in the most awesome of medical feats — the "open heart" operation.

The medical milestone was barred today at the annual meeting of the American Medical Assn. by a doctor who said he has successfully used hypnosis during heart operations on two teen-agers.

ONE PATIENT, a 14-year-old girl, was deaf and the doctor said he had to deliver the hypnotic instructions to her through a hearing aid.

Dr. Milton J. Marmer, from the University of California at Los Angeles, said the technique "opens a new frontier in heart surgery."

The girl "awoke" on command while her heart was temporarily by-passed and the heart-lung machine held her life in its pulsing spiral of plastic tubing and throbbing motors.

LONESOME ?
Let's Meet At
THE BILTMORE

HYPNOSIS WAS used in these cases, the doctor said, "to avoid the depressant effects of anesthetic drugs and to attempt to eliminate unconsciousness while the patient was on the heart-lung machine."

The blood is shunted around the heart and lungs through a mechanical oxygenator during open heart surgery. This allows clearer vision of the heart and a dry field in which to work.

BECAUSE THE normal blood circulation is stopped, there is the possibility of brain damage.

Marmer had theorized that one way of checking such a possibility would be to awaken an individual while he was on the machine. This could be done, he said, if the patient was hypnotized.

First, he tried an operation with hypnosis on a 13-year-old boy. All went well and he decided it was time to try to "awaken" a patient who had been hypnotized.

The deaf girl was the patient.

BEFORE SHE WAS wheeled into the operating room she was hypnotized and given a tiny bit of anesthesia.

In the middle of the operation a hearing aid was placed in her ear so she could hear commands.

"She was asked to open her eyes, which she did immediately. She was asked to move her head to indicate that she could hear me."

"This response to command was elicited several times to satisfy the curiosity and amazement of the observers in the operating room."

After the defect was repaired and the heart closed, she was given the command to go to sleep again," Marmer said.

Webb Married In Van Nuys

HOLLYWOOD (UPI)—Actor-producer Jack Webb of television's "Dragnet" was wed Tuesday night to actress Jackie Loushrey, 28-year-old Miss U.S.A. of 1953.

But the couple's plans for a honeymoon, possibly at Palm Springs, will have to wait for a week while Webb clears up negotiations for the sale of a pilot film.

The couple moved into an apartment on Webb's television lot after they were wed in a simple, 20-minute ceremony in the home of an associate, Herman Saunders, in nearby Van Nuys.

It was Webb's third venture into matrimony. He formerly was married to singer Julie London and actress Dorothy Towne.

Most Top Economists Feel Nation Has Hit Bottom of Recession, Give Outlook

NEW YORK (UPI)—Most top economists feel the nation has hit the bottom of the recession but they look for a slow recovery to full production and employment, a United Press International survey showed today.

Of the 12 top economists polled, seven said the recession has bottomed out, four said the decline will go still deeper and one said he was not sure.

ALMOST ALL the economists agreed that prospects were dim for a sharp recovery such as followed the recessions of 1949 and 1954.

Generally, they felt the near-term outlook is cloudy, the medium-term outlook is fair and the long-term outlook is rosy.

They agreed that inflation will continue to be a problem in years ahead, but none felt the nation

was on the verge of a runaway price spiral. All opposed federal controls over wages and prices as an anti-inflation measure.

THE ECONOMISTS opposed by a 10 to 2 vote a general across-the-board tax cut at this time, but most said there is a pressing need to reform the tax structure.

Almost half the economists expressed the opinion that the government moved too slowly last fall when the recession began or

came up with too little, too late to spur recovery.

The economists listed as the chief causes of the recession over-expansion of industry and the subsequent cutback in spending for new plants and equipment; reduced government defense spending; inventory liquidation; lower consumer spending for durable goods such as autos and excessive tightening of credit in the latter stages of the boom.

Water Company Presents Proposal on Sandblasting Prevention

The Rancho Ramon Water Company of Thousand Palms suggested to the Board of Supervisors this week a plan for furnishing water for watering of proposed plantings along the highway between Thousand Palms and Garret for protection from wind-blown sands which are estimated to have caused thousands of dollars in damages to vehicles.

"We believe that estimated costs in plans which have been considered have been based on the theory that a scarcity of water exists in the area and that labor costs require a goodly portion of the cost for care, watering and maintenance," declared water company officials.

"FOR SOME TIME our company has been on record with the State Division of Highways as well as with the Soil Conservation Committee of the Coachella Valley in an effort to offer our services and resources to aid in combating the sandblasting problem. However, response to our proposed plans has been negligible," they declared.

The plan outlined by the water company calls for installation of a ten-inch main connecting to existing mains at Thousand Palms, with use along the highway of various wells, feeder lines and storage reservoirs.

AS FOR FINANCING the project, the company said it would be agreeable to installing all transmission mains at cost, subject to a consumption guarantee, or the highway department could

install the mains and purchase water at lesser cost subject to approval of the Public Utilities Commission.

Installation of intermitic time clocks and small hydrometer valves was proposed for elimination of labor.

THE BOARD OF supervisors adopted a resolution this week calling upon the Division of Highways to use every available facility and urgently pursue and expand its efforts to control the sand

along the highway and to make funds available to finance the program. The water company proposal was referred to the county road department.

First Highway Study Report Made to Board

Wilbur Smith & Associates, the firm employed by the county, state and City of Riverside to review the highways in Riverside County and propose plans for future freeways, highways and expressways, gave a preliminary report to the Board of Supervisors this week.

A schematic map indicating need for facilities to 1980 showed Highway 60 as carrying the heaviest local traffic, in the western end of the county.

Highway 111 is shown on the schematic map as realigned, crossing the present route at Indian Wells to drop down to 48th Avenue hitting Highway 99 at a point southeast of Indio. Jerry Drake, representing the Associates, said a freeway in that area is not contemplated as it is believed advisable to improve the existing Highway 60-70-99 freeway instead of constructing an additional freeway.

The company's work is to be completed by the first of next year, or possibly sooner.

County Health Contract Here To Be Reviewed

Advised by Administrative Officer Robert T. Andersen that the county's agreement with the City of Palm Springs for furnishing their health services should be reviewed before renewal on the usual annual basis, the Board of Supervisors approved a three-months contract this week to Sept. 30 at the present rate of \$67 per month, to allow time for him to confer with city officials.

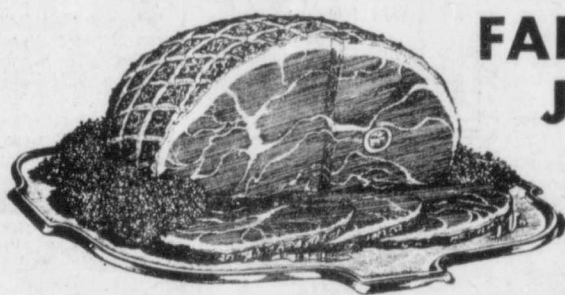

Andersen said the present monthly charge has been in existence since the contract was first entered into in 1941, a period of 17 years.

Michigan Revolt -- 2

LANSING, MICH. — Has Soapy killed the goose? Soapy would be Michigan's five-term Gov. G. Mennen Williams, and the golden-egg goose is the splendidly caparisoned Michigan economy which was once the bellwether of our industrial prosperity.

Since Williams' first election in 1948, the State has become a straggler instead of a leader in the economic advance. Outside the Detroit area, a 12-city survey shows that in nine of them the population is increasing faster than the jobs.

THE IRON MOUNTAIN News for last May 31 cited 12 firms — "to name just a few" — which, during national prosperity in 1950-56, slowed down or closed down in Michigan but opened plants in nearby States. The recession in the second Eisenhower term has hit harder in Michigan, and stayed there longer, than anywhere else.

Although the Michigan downswing coincides with the decade of Soapy Williams' incumbency, there is a strange reticence among businessmen to lay the blame squarely on the Governor. The Citizens' Alliance to Build Michigan, for example, held an executive committee meeting in Lansing last May 13 and resolved to take steps to study and combat the flight of industry.

THERE SEEM to be two reasons why there was no direct attack upon Williams. One is that the Alliance intends to stay non-partisan and to attract support for its program from both parties. The other reason, as I was told by a former newspaper man, is an atmosphere of general caution which always prevails in a place which is ruled by political authoritarianism.

"People are reluctant to talk against the government," I was told. "They have a feeling that somebody is listening and will report them. They fear reprisals by Labor. If nothing worse, their delivery of supplies will be delayed and they'll lose money."

WHEN YOU FIND this vague feeling of being watched and of being under a threat, you commence to understand what is meant by the bad economic "climate" of Michigan. Everybody assumes that Gov. Williams is beholden for his office to Walter Reuther, chief of the United Auto Workers and Vice President of the AFL-CIO.

The talk is that nobody who isn't "cleared" by the UAW gets a political appointment, and to have friends at court in Michigan means to have them in the Laborite circles.

THE GOVERNOR'S 9-year rule has its strength in political organizers, paid out of union funds, who get the vote registered and then march it to the polls. The party line is spoken in shop papers which go to something like a million readers. Public and industrial taxes provide, of course, for the victims of unemployment and shop accidents; but, in addition, the bureaucracy of welfare creeps into the lives of all. A township clerk gave me this example:

"WE KEEP THE vital statistics. When somebody dies, we make a record of it. At the township level, there is no charge for this service. But later, the service has gone to the county level — with a \$1 charge. Later, I suppose, it'll go to the State as a larger charge."

It is not difficult to see in Michigan an unpleasant proto-

type of national things-to-come. The cost of bureaucracy is certainly a major reason for the inflation of prices in all industrial products. The Labor Movement is known to have taken its eye off presidential politics and to have concentrated mainly on Congressional seats.

IF THE SWING to the Democratic party, with its Labor wing, is as strong as is often predicted, the country might come out of the 1958 elections in somewhat the place where Michigan stood in 1948.

This is looking on the darkest side of the possibilities. The bright side is that Soapy Williams may have been sent to Michigan by some spirit which loves America, to warn us. In quest of his sixth term as a jump-off place for his big White House try, Williams is running into resistance. Big business was always against him, but the Citizens' Alliance consists of small businessmen and farmers.

THE COALITION called Farmer-Labor, which exists in other midwest States, seems to be dissolving along with the Michigan Farmers Union, a Laborite group, which is dropping in membership. The Citizens' Alliance is finding takers for its non-partisan message that loss of industries is loss of jobs.

A traveler would be rash to make predictions, and indeed the worst that probably will happen to Williams is that he will lose votes, though not the election. But a byline story in the Detroit Times by Don O'Connor reported that Williams was having trouble getting endorsements for his reelection bid. It could mean a turning tide, first in Michigan, then in the nation.

Dear Abby ..

DEAR ABBY: I have a little girl, age seven, who is both beautiful and above average in intelligence. I am mentally sick and cannot give her the love and attention she needs. My mind is filled with thoughts of suicide. My wife runs around with other men and doesn't wake up until the child goes to her room in the morning and says, "Mommy, mommy, what dress should I wear?" My wife beats her and screams at her, "Leave me alone! I wish you were never born!" We are both unfit to raise this child. What must I do to save her?

SICK MAN.
DEAR SIR: Get in touch with your CHILDREN'S PROTECTIVE ASSOCIATION at once. In the meantime, since you are obviously sincere in your plea for help, I have taken the liberty of alerting the local authorities in your community. God bless you and good luck!

DEAR ABBY: My sister is always asking me if I think she's getting big in the hips. She is getting pretty broad because she has a job that requires her to sit all day. She always says, "Tell me the truth now, do you think I'm getting hippy?" I'm afraid if I do it, it will hurt her feelings. What should I say when she asks me next time?

LITTLE SISTER.
DEAR SIS: Tell her the truth — but suggest that she get to the seat of the matter and combine diet with exercise.

DEAR ABBY: My wife had her third child yesterday and I am a nervous wreck. Why should a woman make such a howling fuss over a natural thing like giving birth? Dogs and cats go off and have their young without disturbing anyone. I remember my mother just laying down and another farm woman came in to take care of her while she had hers. Is the modern woman getting weaker or is she trying to get more attention than is her due?

BONNIE

DEAR WORN: Childbirth today is far easier (and certainly much safer) than it was when your mother "laid down" and had a farm woman attend her. Modern woman (like modern man) is a strong as she has to be.

DEAR ABBY: You advised a gentleman whose wife kept losing his important papers to keep them locked up in a box under his bed. Are you trying to put us bankers out of business? What's the matter with a safe deposit box?

A BANKER.

DEAR ABBY: I am an eligible 28-year-old and everyone asks me why I'm not married. To tell the truth I haven't found anybody that is ALL WOMAN. What has happened to women? They cut their hair like men, puff on cigarettes like men, put on shapeless dresses and do men's jobs. Just the other day I drove up to a service station and a woman came out and pumped the gas. I see women driving cabs, cutting grass and washing cars. The first woman I met who is ALL WOMAN is going to be my wife.

ALL MAN
DEAR ALL: Come now—there are plenty of women who have retained their femininity and haven't thrown everything they've got into a sack. You're looking in the wrong places.

DEAR ABBY: Most people talk about mother-in-law trouble, but my trouble is my FATHER-IN-LAW. He is constantly bringing up a subject that is none of his business. We've been married four years and naturally we would like a family, but we haven't been blessed yet. My father-in-law keeps asking me when I'm going to make him a grand-father. This gets on my nerves so bad I have to leave the room to keep from crying. My husband says his father is only kidding, but do you think this is a kidding matter? Please help me.

BONNIE

DEAR BONNIE: This is no

kidding matter. Ask your husband to please impress upon his father that you are extremely sensitive on the subject. And no kidding!

DEAR ABBY: My husband makes me very angry on one certain subject, and I hope you will settle it once and for all. When a commercial comes on TV for men's deodorant he nearly laughs his fool head off. He says that is for pansy type men and no he-man would ever use such a thing, yet he sees the man right on the TV screen using it and he has big muscles while my husband is a dried-up, skinny little weasel. Tell him, Abby. THE BALL AND CHAIN
DEAR B. AND C.: If a man can look good and smell good, that makes him even more of a man. Your husband has strutted in his noddle.

DEAR ABBY: I am a woman 49 years old and am going around with a man who is 67. He says he has never gone with anybody he cares for so much, but he keeps telling me he doesn't want to marry me because he is too old for me. I try to tell him that he isn't too old, but he insists he is. I want to marry him, and wish you would tell me how I can change his way of thinking.

INEZ
DEAR INEZ: There is more than "thinking" involved. If he says he is too old for you—take his word for it.

CONFIDENTIAL TO "GAMBLING FOOL." Your number will come up before your number comes up. Barnum was conservative.

CONFIDENTIAL TO ANN: He may be the "salt of the earth"

CONFIDENTIAL TO JOE S.: I have news for you—there ain't no Santa Claus! Find yourself a good reliable loan company, but somebody should shake him.

For a personal reply, write to ABBY in care of this paper. Enclose a self-addressed, stamped envelope.

Long Beach, Calif.
June 21, 1958

Mr. D. E. Klotzbuecher,
Managing Editor,
The Desert Sun,
Palm Springs, Calif.

Dear Donald: Due to circumstances over which I had no control but which left me all shook up and incapable of producing a worthwhile thought, much less setting it forth on paper, guess there will be no column for Wednesday.

It started out as such a beautiful day, too. Cool, nice breeze off the ocean, pretty girls attired for the beach, passing by.

Then Mrs. G. told me she was driving to Ontario to take an aunt who lives here to visit an aunt who lives there and that they would stay overnight. But that I had nothing to worry about. The refrigerator was loaded with an assortment of cold meats, varied puddings, ice cream in the freezer. Then, if needed to eke out, a choice of canned goods, crackers, pretzels and other goodies in the cupboard.

Besides there was a big pot of coffee which I would probably heat up until it was unfit to drink adding, unnecessarily, I thought, that by the morning, the coffee would be so strong it would take two hands on the spoon to stir it.

"You'll get along," she said. "Listen to all of the wild music on FM, watch the impossible pictures I don't like on TV, uninhibited. Do your writing undisturbed. You'll have fun."

As a parting remark, she casually said:

"Oh, yes — the gas man is coming today."

Had just finished Tuesday's piece and was stretching out on the bed for a nap before thinking about Wednesday's essay when the doorbell jangled.

It was the gas man. Along with seven other gas men, a big green truck, a trailer with a gasoline engine and much pink, blue and yellow hose, and two smaller trucks.

"We've come to change your gas meter," said the man at the door.

That shouldn't take long, I thought, and there's still plenty of time for the column. I didn't know gas men.

They set up one jack-hammer across the street, another right outside the window where this typewriter is located. They ripped a hole in the pavement, ran a trench through the driveway, banged around under the house, then stuck a barrier, festooned with red lanterns in front of the house and went home.

Came back this morning. Welded pipe that extended clear into the garage, covered the excavations, tamped them down with another device that sounded like a berserk machine gun, turned off the gas, turned it on again, came into the house to light the pilots, neatly tamped the sod back on the lawn, cleaned up everything and went away. I almost called them back. By that time I had that coffee so thick I needed one of their jack-hammers to stir it.

That's why no column but, anyway, I'm well fixed for gas. Hoping you are the same, sincerely

PHAT.

STAN DELAPLANE'S Postcard

The summer fogs are rubbing against the California coast these gray mornings. The newspaper unfolds dully and the cat comes off the hillside a little wet in the under fur. The trees drip on the driveway.

"It isn't raining rain you know, it's raining strontium-90..." I imagine if you put a Geiger counter on me, I would click like a stick along a picket fence. We are not getting any younger. But we are getting more radioactive.

THIS STRONTIUM stuff falls out of the sky. In the rain. In the dew. In the fog. It is bad for you but what are you going to do about it?

It falls upon the just and unjust alike. It comes out of atom bombs which are going off like firecrackers these days. That is what I read in my damp newspaper.

What a life!

I READ THAT Oxford University has asked a lot of people in England:

"If you had to be changed to an animal, what kind of animal would you prefer to be?"

There is a question to wake you up in the morning. I would not even answer such a question. But the British are great for writing letters to newspapers and public things like that.

OR MAYBE a lion. Out of the way, everybody! Here comes the King of Beasts! I would change the lion tamer act somewhat.

When the lion tamer came at me with that little old kitchen chair, I would take the chair away from him.

I would sit down in the kitchen chair in the kitchen. And snack him up. That is the glorious life. Horses? Cats? No ambition.

ANYWAY, WHAT occurs to me is if 90 per cent of the men were horses and 97 per cent of the ladies were cats, it would raise hob with the social structure. That is what I think.

A horse could not possibly squire a cat to a dance. And the idea of a horse sending flowers to a cat is ridiculous.

The obvious thing is for English men and ladies to get together. Decide whether they will be in the way of animals.

EARL WILSON:

No Giveaway Show

BRUSSELS—Billionaire J. Paul Getty has requested me to kindly ask all you people to quit writing him for money.

"A lot of people are economically illiterate," he complained while here studying the future by going almost daily to the World's Fair. "I had a letter from one man who wanted me to give him a Ford sedan and a Ford truck—both new."

"If they'd been used a little, they wouldn't do!"

So the 20,000 "gimme" letters from 50 countries that he's received since he was called the world's richest man haven't wrung many, if any nickels, from him.

"Give my apologies to the public," he said. "You can say that unfortunately I've found it's impossible to cope with the flood."

"Anyway, most people who have studied the matter think it's a mistake to give to private individuals."

"They give to institutions. How would you know if you helped 500 people one month, 250 of them wouldn't need help next month? They might need help permanently!"

Some people have asked him for jobs.

"That's very worthy," added the sixtyish American who hasn't been home in seven years. "But the only person I employ is a secretary and that job is a secret. The companies have their own personnel departments."

Friends who have urged him to rent whole floors in a hotel instead of a small suite, claiming that he could charge it to one of his companies, have been told by Getty, "But the companies are not me!"

"What about tipping?" I said. "My Beautiful Wife wants to know how you handle it."

Getty laughed, knowing that some people think he's a skinkfin. He's aware of the tales that he dresses so simply that he couldn't get in some of his hotels unless he owned them.

"Some people think I should tip twice as much as anybody else," he said. "Why should I? That makes Americans unpopular. The people who do it don't know what to tip or are deliberately trying to show off."

He mentioned that a 5,000 franc dinner check in Paris (about \$12) would carry an automatic 15 per cent service charge (about \$1.75).

"To that," he said, "I would add 1-3 or 1-2 of the service charge." Meaning, he would add perhaps 80 cents, making the service and the extra run \$2.55 on a \$12 check.

"Don't you think that's enough?" he asked. I did!

Getty doesn't know when he'll return to his usual hangout, Paris, where he's lived for years.

"Do you have a permanent hotel suite?" I asked.

"Oh, no," he said. "I just take it by the day. You know," he added, "a lot of people think that a rich man has all his money in cash!"

Kathy's in 'Magoo'

HOLLYWOOD — Kathy Grant Crosby checked in at United Productions to do some behind-the-camera dubbing as the voice of the Princess in UPA's "Magoo's Arabian Nights" while awaiting her (and Bing's) first baby.

The Groucher, nonchalant as always, on the subject of the persons who planned to kidnap his wife: "They must be a bunch of quacks!"

PARAMOUNT'S "HOT Spell" and 20th-Fox's "Long Hot Summer" will be frowning down at us from the theatre marquees this summer (MGM's "Man on Fire" was last summer's mistake) — and when are our movie-makers gonna get hip to the fact that titles such as these are insanely impractical? Who wants a steam bath or even the suggestion of one when the temperature touches 110 degrees?

An inquisitor quizzes Elvis Presley in Sir Swivel's new movie, "King Creole," as follows: "What kind of music do you sing?" Elvis: "Folk songs." Quizzer: "From what planet?"

STRIPPER RITA Grable added a monologue and a new gown to her new striptease stint. Her costume added a final touch — a skintight G-string, and cracked, "There, let's see you talk your way out of THAT!"

Sam Goldwyn, afraid that "opera" will scare the customers away from the boxoffice, describes his now-shooting movie version of America's first opera (jazz-opera, true, but still opera), "Porgy and Bess," as "a drama with music."

SINGER PEARL Bailey, one of Goldwyn's stars, will sing one song in her role as Clara. The original Clara sang a song in the George Ger-shwin show. And Sam has stolen this time for Pearly May — "I Can't Sit Down" — from the chorus group that sang it en route to a picnic.

Meredith Willson is coaxing Bob Crosby to shiver those trumpets in the road company "Music Man"... How to Get an Acting Job: Producer Stan Bick-man and director Joel Rapp assigned themselves to play high school students in their own movie, "Blood Money."

SHE'S KINDA hefty & -hippy but Russia's Tatiana Samoilova was the only interesting new star stemming out of this year's Cannes Film Festival. At least Tatiana LOOKS like she's more interested in romance than in the output of a Soviet factory! Jerry Wald is twisting Bill Saroyan's good right typewriting

arm to ACT in "Mardi Gras" and/or "In Love and War"... Democratic movie star's suggested slogan for a certain House Subcommittee Chairman named Harris: "They'll Go Sooner—if They Wear Vicuna!"

TV TOPICS — Desi Arnaz's non-stop non-sequiturs on how he and Lucille Ball hit the top of the TV Trendex: "I don't know how we made it. All I know is one day I went in the Army and when I got out I was mad because MGM had hired another Latin named Ricardo Montalban in my place while I was gone so I got out of there and then this 'I Love Lucy' thing came up and my wife started buying movie studios all over town and now we're making our own television movies and I'll be darned if I know half the time what we're doing!"

CBS-TV borrowed young Troy Donahue from Universal for a lead in the network's Rawhide series, and movie producer A. C. Lyles moved over from Paramount to act as associate producer on the galloper series.

JACK BENNY IS blundering a Behind-the-Iron Curtain tour, similar to Bob Hope's... Plus another batch of benefit concerts with the symphony orchestras of New Orleans, San Francisco, Washington, D. C., London, Manchester and Glasgow.

Rod Steiger, so busy in movies he hasn't done a live tele-show in two years (not until last week's "Town That Turned to Dust" on Playhouse 90), says TV was born a mongrel out of all the other entertainment media — "then," says Steiger, "it became a child, then an adult, and now it's a neurotic!"

NO SPONSORS forthcoming but NBC-TV's claim they'll slip MGM-TV's Northwest Passage series into the 8:30 p.m. time-slot next season even if they have to carry the show on a sustaining basis... CBS-TV, convinced the country - music singer has what it takes to topple the Trendex, jotted Jim Dean to an exclusive long-term contract.

Starting July 6 with "The Virginian," NBC-TV will showcase seven new pilot films on Decision, Loretta Young's summer replacement. Other pilots to be shown, same slot, are: "The Danger Game," "Indemnity," "The Tall Man," "Adventures of Mike Shayne," "Stand and Deliver" and "Man Against Crime."

Jerry Lewis to Red Buttons: "Congratulations — You're becoming a big movie star just when movies start going out of style!"

If you have seen the mountains . . . rosy with the first flush of dawn . . . thrilled to the lighted palm trees along Palm Canyon Drive . . . walked through the swirled sand dunes to admire the trailing grandeur of the wild flowers . . . swum in a sun-warmed pool and listened to the bird song from the palms and pines and palo verdes . . . planned a starkly dramatic garden of prickly-pawed cacti . . . been enthralled by the puddle of deep blue petals under a smoke tree . . . or the lavender that underlay the jacaranda . . . and the white blossoming of the oleanders by moonlight . . . loved the lighted Tower of the Stars at El Mirador . . . the V-for-Victory palms by the Tennis Club pool . . . the tile roof and bougainvillea and tradition of Desert Inn . . . You have just passed the test . . . You are a Palm Springs addict . . .

Kay Oberfel (Dolph is in San Francisco) had a few friends in Monday night . . . to see their new house (the former Dorothy Hall home on Mesquite) . . . and to say "welcome home to Phyllis and Joe Froggatt" who are just back from a three month trip to the Orient . . .

Margaret and S. P. Manasse were there . . . Jane and Russ Wade . . . Jan King and Dr. Jack Nevins . . . B. J. Sanchez and Pierre Bouscaren . . . A good part of the crowd wound up having a gay dinner at the Huddle Springs . . . a wonderful ruffled dress for the salad . . . a perfect New York cut . . . and that marvellous cappuccino . . . plus a warm welcome from manager Jim DiPompei . . . Because it was Monday night . . . there was no dancing under the stars to the Guadalajara Boys' music . . . so we dined in the cool diningroom that has those strange stripes that go right on up the wall . . . out of the carpet . . .

Ray Ryan is in Jamaica . . . but he still has Palm Springs on his mind . . . and is planning a giant lakeside barbecue party at Bermuda Dunes next fall . . . post vacation . . .

The party will honor William Bell . . . the golf course architect . . . for the Bermuda Dunes course . . . which is scheduled to open December 1 . . . will be his 50th . . . which is a good round figure . . .

Ernie Dunlevie (Ray's partner in the BD development) will co-host the barbecue . . . on the shores of this new residential community's unique fresh water lake. Invited will be such movie greats as Clark Gable, Cary Grant, Betsy Drake, Eddie Fisher, and Debbie Reynolds . . . all of whom are building homes . . . facing the fairways of the new golf course . . .

Flo and Wally Brunmark have been making vacation plans . . . and leave July 5 for Heritage House at Three Rivers, California

Jimmy Morton is off on a combined business-the-pleasant way trip . . . that will take him all over the country . . . and keep him away for a month . . . In Minnesota
Mrs. James Ober and son, Dwight, departed for Minneapolis, Minnesota, Wednesday. They will be guests of relatives in the St. Louis Park area and will be gone most of the summer.

Weekend Here
Spending the weekend here with her grandparents Mr. and Mrs. Nat Burkett at 1346 Paseo de Marcia, was Jennifer Burkett, who attends school at Chadwick. With her was her cousin Carol Ann Burkett of Los Angeles.

IT WAS A WELCOME home and a welcome to our new home, when Mrs. Dolph Oberfel, on left, greeted Mr. and Mrs. Joe Froggatt as they arrived for a small informal gathering of friends at the Oberfel house on Mesquite. The Froggatts are just returned from a three month Oriental cruise. (Desert Sun Photo).

Home from Shrine Convention in Mexico City

Mrs. John Wight of Cathedral City is home from a wonderful vacation trip to Mexico City. Meeting friends in Amarillo, Texas, she motored to Mexico City with them where they attended the 1958 Western Shrine convention, May 29-31.

The three-day convention was attended by 6000 Shriners and many festivities were planned in their honor, including bull fights, horse races, sightseeing tours, and a pageant in costume, that depicted the life of Mexican Indians. A highlight was the hour-long parade of fezzed Shriners through the streets of Mexico City.

Mrs. Wight and her friends spent three days in Acapulco and visited Taxco, Cuernavaca, the pyramids and the famous floating gardens at Xochimilco. En route home they also stopped over in Monterrey.

Louisianan Weds Long Beach Man

Mrs. Elizabeth Davidson, the former Mary Elizabeth Foster of Louisville, Louisiana, was married to George S. Rush of Long Beach Saturday night in a double ring ceremony at Palm Springs Community Church. Rev. James H. Blackstone Jr., officiated at the informal rites.

Mrs. Myrtle Young was matron of honor and Herbert Leach, an old school friend of the groom's, acted as best man.

Following the marriage, the wedding party went to the Farm House restaurant in Cathedral City for a steak dinner.

The Rushes, who have been visiting with cousins, Mr. and Mrs. W. B. Young of 215 South Indian Avenue, will make their home in Long Beach.

I stopped waiting...bought a new Plymouth...and man, what I saved!

Sometimes it's smart to wait . . . and sometimes it isn't! Take me, I was putting off buying that new car we needed. Then I dropped in at my Plymouth dealer's, just to look things over. It was the most profitable visit of my life.

I found I could get a price on a Plymouth a whole lot lower than I believed possible. PLUS a trade-in offer on my old car so high that I made 'em say it twice!

I saved a clean \$140 on the Plymouth ride alone. That's famous Torsion-Aire Ride. It's standard on all Plymouths . . . but you have to pay up to \$140 extra for the top

ride of the other two leading cars in the low-price field.

And Plymouth proved it can save me gas money by winning the 1958 Mobilgas Economy Run. (There's a brand-new Fuel-Saver Choke that makes your gas buck go a whole lot further!) It proved it will save me still more money at trade-in time, with Silver Dart Styling that will look new and bring more years from now!

Any way you look at it, here's a beauty that's a money-saver, too. I'm a proud guy right now . . . and a whole lot of money ahead! See your Plymouth dealer.

Today's best buy...tomorrow's best trade...**Plymouth**

Slow Drivers Warned to Keep Right by CHP

Drivers who fail to keep right when driving slower than the normal speed of traffic on multi-lane highways are traffic law violators, says the California Highway Patrol.

"Section 525.1 of the Vehicle Code requires a driver who is driving slower than the normal speed of traffic to keep in the right-hand lane or as near the right edge as is practical," declared Patrol Commissioner B. R. Caldwell.

"Frequently, cars pile up behind a driver loafing along in the passing lane, setting up accident potentials for every driver who endeavors to move with the normal flow of traffic," Caldwell said.

"To eliminate this condition, motorists must stay in the right-hand lane except when preparing to turn left or while overtaking and passing another vehicle."

Bill Tichenor allowed the Palm Springs Builders' Supply only two hits and one lone run at the Polo Grounds last night to lead his M&M-Lehrfeld team to a 10-1 rout in Desert Softball League play.

While Tichenor was striking out a near record sixteen men his teammates were crashing out twelve hits. Leading the batting spree was Frank Gautiello who got two singles and a double before striking out in the sixth frame.

M&M ACTUALLY had to come from behind to win, however, as the Builders had scored their only run in the top of the first

Webb Increases Prestige with Win

LONDON (UPI) — Ellsworth (Spider) Webb of Chicago increased his prestige in the middleweight division Tuesday night by scoring a close decision over British Empire champion Dick Tiger.

On the same program, world featherweight champion Hogan (Kid) Bassey of Nigeria floored Jules Touan of French West Africa seven times to score a technical knockout in the seventh round.

Braves Continue 'Big Move' In National Pennant Race

By FRED DOWN
United Press International
The Milwaukee Braves' National League rivals better get a move on before they're in the same boat as the "sorry seven" who are chasing the New York Yankees in the American League. There's no longer any doubt about it—the Braves are making a "big move" — and may be in the process of building an insurmountable lead. Their 3½-game lead after Tuesday night's 2-1 victory over the San Francisco Giants is their fastest margin of the year and it's in sharp contrast to their fourth-place position of a year ago when they eventually won by eight games.

one for the fading Giants, who have lost 17 of their last 24 games to drop into third place. Rookie John Briggs, recently brought up from Ft. Worth, pitched a six-hitter to give the Chicago Cubs a 3-0 win over the Philadelphia Phillies and the Los Angeles Dodgers beat the Cincinnati Redlegs, 13-10 in 10 innings and 7-2 in 11 innings in the other NL activity.

THE YANKEES bounced back into the win column and increased their American League lead to eight games when they whipped the Chicago White Sox, 6-2. The Detroit Tigers downed the Baltimore Orioles, 5-0, the Boston Red Sox rallied to edge out Cleveland Indians, 4-3, and the Kansas City A's and Washington Senators played a 2-2 tie in other AL games.

IN TWO WEEKS since June 10 the Braves have won eight of 12 games, a relatively modest drive, but enough to gain at least two games on every rival except the St. Louis Cardinals. The Cardinals, 8-5 over the same period, have lost only a half game to the Braves and Tuesday night beat the Pittsburgh Pirates, 2-1, for their fourth win in a row.

WARREN SPAHN, who hadn't won a game since May 31, pitched a three-hitter Tuesday night to shade Stu Miller in a battle decided by homers. Ed Matheys and Joe Adcock belted homers for the Braves and Felipe Alou hit

U.S. Team to Meet Seeded Stars For First Time
WIMBLEDON, England (UPI) — America's weakest tennis expedition in many years, now an 11-man group led by lanky Barry McKay, runs into seeded stars for the first time in the Wimbledon championships today in a second round of men's singles that promised to be full of trouble.

Five U.S. girls also were scheduled to compete in second-round matches in women's singles today, hoping to join defending champion Althea Gibson of New York and Mimi Arnold of Redwood City, Calif., in the third round.

Calhoun, Boyd Tangle Tonight
CHICAGO (UPI) — Rory Calhoun and Bobby Boyd, the National Boxing Association's 7th and 8th ranked middleweights tangle before the TV cameras tonight with the winner perhaps climbing a little closer toward a title bout.

It will be a return match. Calhoun knocked out Boyd in two rounds last Nov. 22, but Boyd, who has had 20 more bouts than his opponent, vowed that such "a lucky punch" wouldn't happen again. The fight was rated nearly even by the odds-makers.

Bravilians Favored
STOCKHOLM, Sweden (UPI) — A heavily-favored Brazilian team prepared today for its match with Sweden Sunday for the World Soccer Cup championships.

FIGHT RESULTS
By United Press International
LONDON — Ellsworth Spider Webb, 19½, Chicago, outpointed Dick Tiger, 18½, Nigeria, 10.
LONDON — Hogan Kid Bassey, 127, Nigeria, TKO'd Jules Touan, 127, French West Africa, 7.

Patterson, Harris Bout Set for L.A.

Weill Withdraws As Promoter After Denial of License

LOS ANGELES (UPI) — A quick shifting of the props today left the Floyd Patterson - Roy Harris heavyweight title fight in Los Angeles but Al Weill, who originally promoted the bout, no longer was a member of the cast.

A few hours after the State Athletic Commission at Sacramento, Calif., announced that it had denied Weill, former manager of Rocky Marciano, a promoter's license, Cus D'Amato said in Houston, Tex., that the fight still would go on here under new auspices Aug. 18.

THE HOLLYWOOD American Legion Stadium, which had been associated with Weill in the promotion, will lend its good offices in staging the fight at Wrigley Field, sources here said. Weill, who said he would fight the blot on his reputation placed there by the Athletic Commission, commented that he withdrew only because the fight was remaining in Los Angeles "where it belongs."

"CUS D'AMATO assured me he had a responsible man who will take over the promotion and I'm glad the fight is staying here," Weill said. "I've been working on this fight for several months and I spent \$15,000 in arranging it. This is now my home and I withdraw from the promotion on the proviso that the fight stayed in Los Angeles."

But Weill was still bitter over his being termed "unfit" to stage the fight by the Athletic Commission.

Herbert Esbitt, Little League president in Palm Springs, was honored by players, coaches, and league officials between Monday night's games at the Polo Grounds. Also honored was his wife, Marcia. Both received gifts bought out of contributions of players, coaches, and parents.

The ceremony was a surprise to both. Esbitt was lured onto the field by a simulated squabble between umpires and coaches. Once there, he was presented with gifts while former Little League Commissioner Bill Brubaker narrated the program over the microphone.

Esbitt has been president of the Little League for two years.

Dawson Wins U.S. Senior Title
Johnny Dawson of Eldorado Country Club, returned this week from a three week tour across the country, bringing back a new title.

At Apawonke Country Club in Rye, N. Y., he took the championship in the United States Senior play and on his way back to California he stopped in Tulsa, Okla., where he came in fourth in the Western Senior Tournament. John's brother, George Dawson, was winner of the Tulsa Country Club meet.

Two DHS Zoning Hearings to Be Held on July 28

Hearings will be held July 28 at 10 a. m. on two petitions for changes of zoning in the Desert Hot Springs area, according to a determination made by the Board of Supervisors this week.

The Planning Commission recommended that one of the petitions, that of Simja Lanier of Los Angeles, be approved, and the other, that of Desert Springs Estates, Inc., of Los Angeles, be denied.

Lanier seeks change from W-2 (watershed, recreation and conservation) to R-3 (multiple zoning) on property located approximately 200 feet to one-fourth mile south of Two Bunch Palms Drive and east of Mesquite Avenue.

Desert Springs Estates, Inc., requested a change from R-3 to C-1 (light commercial) for an area bounded by Palm Drive on the east, Caliente Drive on the west, Two Bunch Palms Drive on the north, and 14th Avenue on the south.

According to Planning Director Tyler Suess, the commission believes that there is sufficient undeveloped C-1 zoning in the area and also that business strip development is undesirable and not good planning practice.

Navy Postpones New Satellite Launching

CAPE CANAVERAL, Fla. (UPI)—The Navy postponed a launching of its Vanguard satellite Tuesday after damp weather played havoc with the temperamental rocket, but then sent a Polaris missile forerunner thundering into the sky.

The Vanguard firing was called off about 1:34 a. m. e.s.t. Navy rocketeers came within eight minutes of sending the slender rocket sailing into space with a 20-inch satellite, then found critical electrical wiring damp and short-circuited from a siege of squally weather Monday.

But at 8 a. m., a test version of the deadly Lockheed-made Polaris, the Navy's solid propellant, submarine-launched "missile of the future," blasted swiftly from its pad.

Eight Village Youths Attend Summer Camp

Eight Palm Springs boys left Monday to spend from five to eight weeks at Camp Ta-ha-do-wa, Sylvan, Fox Island, Wash. They are Steve and Larry Nichols, Alan and Stanley Clark, Eric Samson, Gary Grossman, Michael Ellis and Bob Wilde. Travel will be by Greyhound Express bus from Los Angeles.

Camp Ta-ha-do-wa is one-fourth mile from Tacoma and is located on Tanglewood Island, and is a member of the American Camping Association. The camp director is Dr. A. L. Shultz, M. D., well known physician of Tacoma, who has operated this summer boys camp for many years.

THE EIGHT BOYS from the desert will have an opportunity for training in canoeing, rowing, sailing, life-saving and swimming. Canoe trips will be an unusual experience for these boys. Robert Detmer, assistant camp director, spent several months in Palm Springs this past season. His car was a familiar sight in Palm Springs, with his Willette canoe strapped to the top of the car carrying the Camp Ta-ha-do-wa legend.

DETMER IS AN Eagle Scout and was active in scouting this season as assistant Scoutmaster of Troop 29 and as director of the Tri-County Camporee held at Tamarisk Park in March. Boys from many states attend this outstanding camp and selected counselors come from many universities throughout the country.

Youth Gives Self Up 15 Minutes After Burglary

Booked into the city jail on suspicion of burglary after giving himself up to police within 15 minutes after burglarizing the Frosty Freeze on South Palm Canyon Drive, Richard Lee Terry, 20, Dominguez Road, will stand an arraignment trial today in Palm Springs Judicial District Court.

Terry assertedly picked a lock at the establishment and took \$52 from a hiding place. According to Police Detective Richard Harries, Terry was a former employee who had been fired "just the day before" and needed money.

He surrendered to police just 15 minutes after he said he committed the burglary.

Police Check Theft of \$2

Police this weekend investigated the break-in and theft of \$2 from a soft drink machine at the Floyd Bigley Union Service Station on South Palm Canyon Drive. The machine had been broken into with a screw-driver and a pair of pliers, which were used to twist the lock.

SUNAIR

By JEAN PATANE

By JEAN PATANE

Mr. and Mrs. B. O. Sutton, frequent guests at the Melrose Apartments, were here for a four-day weekend. The Suttons are building a home in the desert area.

Mr. and Mrs. Forrest Wheeler, formerly of Rancho Mirage, are now residents of Sunair having recently purchased a home on Palo Verde Drive through the Clark Realty Office.

Former guests at Sunair Terrace, Mr. and Mrs. Thomas B. Paine of Los Angeles and Mr. and Mrs. H. L. Frisbee of Altadena were down again this past weekend. Mr. and Mrs. Jay Wilson, owners of Sunair Terrace, plan on leaving for a few months the last of June.

Hattie Snyder, formerly of Los Angeles and a frequent desert visitor during the past few years, is at the home of her close friend, Mrs. Irene Chapman for the summer. For ten years Mrs. Snyder operated her shop, Hattie Snyder Interiors, on La Cienega Boulevard and anticipates making the desert her home. Mrs. Chapman, who is visiting in Los Angeles, will leave the end of the week for Phoenix, Ariz., before going on to Denver, Colo., where Mr. Chapman is in business.

Michael Barcus of 'Tollhouse, Calif., is spending part of the summer with his aunt and uncle, Mr. and Mrs. Carl M. Jackson, (Desert Tent and Awning). Michael has many friends in the area, having attended school here a few years ago. He plans to return to his home the first of August.

Over the weekend Mr. and Mrs. Marion Woody and boys, Marion Jr., and Keith, were in Whittier at the home of Mr. Woody's twin brother and family, Mr. and Mrs. Claude Woody, who have as their houseguest their niece, Jimmie Jo Woody of Lubbock, Texas.

Postmaster and Mrs. Charles Linn were in Los Angeles over the weekend visiting at the home of her sister, Mrs. Benjamin Grobin.

Not His
BISMARCK, N. D. (UPI)—Farmer Harvey Nelson knows now why the county tax office always refused his payment of taxes on a 40-acre strip of land he began farming in 1949. Nelson thought he obtained the land as part of an 80-acre purchase from another farmer, but when he sold his farm recently he learned part of the land belonged to someone else.
